

C4S- Social Work, Psychological & Counseling Services Tip Sheet

Provider notes must include enough detail to allow reconstruction of what transpired for each service.

Monthly Progress Note - Monthly Progress Summaries are REQUIRED for all months in which therapy services are reported and should include evaluation of progress, changes in medical and mental status, and any changes in treatment with rationale for change. Summaries must be dated in the month the services were provided. *Using the last school day of the month is recommended. Listed as Non-billable monthly progress note in BhWorks.*

All logged services are due the 15th of the following month (eg. September due October 15th)

General Service Information	
<p>Developmental testing is medically related testing (not performed for educational purposes) provided to determine if motor, speech, language and/or psychological problems exist, or to detect the presence of any developmental delays. Testing is accomplished by the combination of several testing procedures and includes the evaluation of the student's history and observation.</p> <ul style="list-style-type: none"> - Whenever possible, and when age-appropriate, standardized objective measurements are to be used (e.g. Denver II) for students under the age of six. Administering the tests must generate material that is formulated into a report. - Developmental testing done for educational purposes cannot be billed to Medicaid. <p>Therapy in the classroom <u>is a billable service</u>...</p> <ul style="list-style-type: none"> • When there is separation from an on-going classroom lesson; e.g., you take a student or a small group of students to the back of the classroom or out into the hall, etc. • When the student's focus is on the therapist, not the classroom teacher. <p><i>It is not a billable service if therapy is provided as part of a regular classroom activity or if you are assisting student(s) with a lesson in session.</i></p>
