

Washtenaw Intermediate School District

Student Portable Technology Device Use Guidelines and Agreement

I am receiving from the School District a device that my child can use outside of school campus for enrichment purposes. The Equipment is and will remain the property of the District along with any additional property provided. The device and all equipment must also be returned to the District in good working order (i.e. power adapter, case, cord).

I agree to return the Equipment as directed by the School District or upon the beginning of a long-term leave, suspension or expulsion. Devices must be returned before the user's final day of school.

I understand that this device, like textbooks, is instructional material and that I am legally responsible for the replacement cost of this device if it is lost, stolen, damaged or seized while in my possession. I am responsible to ensure that the device is cared for properly. If the device is damaged, lost, or stolen in my care, I understand that I am responsible to report the details to the school.

I understand that the device may allow access to the Internet. While the District makes every effort to limit access to inappropriate content through Internet filtering systems, it is the responsibility of the parent/guardian to monitor and control the student's use of the equipment. Inappropriate use is a violation of the Acceptable Use Policy.

The District reserves the right to monitor or access the contents of its devices if it suspects or is advised of possible breaches of security, harassment, or other violations of policies, rules, regulations, directives, law or evidence exists which demonstrates to the school or District that its computers may contain information, data, or other intellectual property that belongs to another person. Students have no expectation of privacy of content stored on or accessed through District devices.

When our students use Zoom, Google Classroom, or a learning management system at school, they are sometimes able to see the work and/or pictures of other students. I understand that my child's work and his/her picture/videos may be visible to other students in our class at their homes.
